India's leading and longest-serving aviation services provider,
Indamer Technics TRUSTS Ramco Systems

To streamline its operations and propel its growth with Ramco Aviation Software

Nagpur / Chennai, INDIA – March 17, 2025 – Global aviation software provider [Ramco Systems](#) announced that it will implement its next-gen [Aviation Software](#) at [Indamer Technics Pvt. Ltd.](#), a leading Indian aviation services company, designing and delivering technical, operational and financial solutions to enhance the efficiency and competitiveness of the Indian commercial aviation and government sectors.

With modules for Maintenance, Engineering, Supply Chain Management, Quality, Contract and Quote Management and Customer Billing and Finance, Ramco Aviation Software will provide Indamer with an integrated solution from contract to cash along with a 360-degree visibility into its materials, resources and tools. In addition, the solution will also enable Indamer with an analytical platform for enhanced decision making, as well as automation of processes and data entry in the areas of maintenance planning and work scoping.

Senior executives from Indamer Technics & Ramco Systems, at the Indamer facility in Nagpur, India

Ashwani Acharya, Chief Operating Officer, Indamer Technics Pvt. Ltd., said, “We selected Ramco Aviation Software for its ability to deliver real-time business insights and the automation we need to scale our business efficiently. By optimizing costs and turnaround times through effective resource utilization, the solution will empower us to enhance our operations seamlessly. We are expanding and increasing our capabilities and Ramco’s proven expertise in supporting the Indian MRO providers, coupled with a strong focus on innovation, makes them the perfect partner for this digital journey. We are confident that this collaboration will play a pivotal role in driving our continued growth.”

Manoj Kumar Singh, Chief Customer Officer – Aviation, Aerospace & Defense, Ramco Systems, said, “We are delighted to collaborate with Indamer, India’s longest-serving MRO provider, on their digital transformation journey. This partnership not only reinforces the strength of Ramco’s Aviation Software in addressing the unique challenges of the MRO service providers but also deepens our presence in the rapidly growing Indian aviation MRO market. As we continue to solidify our position as the solution of choice for specialized pure-play MRO

operations, we look forward to working closely with Indamer to streamline their operations, enhance efficiency, and support them in their long-term growth.”

[Ramco Aviation Software](#) is trusted by 24,000+ users to manage 4,000+ aircraft globally. With 90+ Aviation organizations onboard, Ramco is the solution of choice for top Airlines, 3rd party MROs, large Heli-Operators, leading Defense organizations, and major Urban Air Mobility companies around the world. Available on cloud, Ramco Aviation Suite provides accessibility with ‘Anywhere Apps’, significantly accelerating organizational efficiency and agility. Ramco is changing the paradigm of enterprise software with Artificial Intelligence based solutions, intelligent voice enabled user experience, and advanced features such as digital task cards, offline maintenance capability, conversational chatbots, HUBs and cognitive solutions.
